FVPP funds Indigenous-led, culturally-appropriate and community-driven, service delivery family violence prevention activities across Canada. This call for proposals supports family violence prevention and direct service delivery activities that focus on Inuit, Métis, Indigenous 2SLGBTQI+ people and urban populations. **The primary focus of proposed activities must be on family violence prevention, and the client base must be predominantly Indigenous.**

HEALTH AND WELLNESS

[School Health Grant for Youth](#): The School Health Grant for Youth provides youth the opportunity to apply for micro-grants of \$1,000 if they are aged 16 to 19 **and** enrolled in secondary or post-secondary school. The goal of the grant is to empower youth to develop their own initiatives that encourage and promote healthy living in their schools. Projects must match up with the Public Health Agency of Canada's mandate and encourage, support and empower youth to make healthy choices and live in healthier ways by doing one or both of the following:

- teaching participants about important topics
- sharing resources and information to support healthy living

YOUTH

[Youth engagement on the second State of Youth Report](#): Are you a youth between the ages of 16 and 29 living in Canada? We want to hear from you. The second State of Youth Report will be released in 2025. By reflecting the diverse experiences and concerns of youth, the second State of Youth Report will play a vital role in building a more inclusive, equitable and supportive Canada for all young people. Your voice matters – by completing the engagement tool, you are ensuring that the second State of Youth reflects the diverse experiences and concerns of youth. The engagement period is now open until February 16, 2025.

The program provides approved applicants with a \$500 gift card to a grocery store of their choosing. The gift card will take 7-14 days to arrive.

[Small Grants Program for Sports:](#) The Small Grants Program is intended to encourage and support organizations to look at new initiatives that will encourage greater sport participation and leadership in under-represented and marginalized populations in Prince Edward Island. The program will encourage strategic partnerships.

HOUSING AND INFRASTRUCTURE

[Capital project: Construction of new sustainable municipal and community buildings:](#) We offer combined loan and grant funding to support new building construction projects for sustainable municipally owned buildings. This funding helps Canadian cities and communities of all sizes undertake sustainability projects that reduce emissions, accelerate energy savings and keep energy dollars in the community. New constructions of municipal buildings should meet best practice energy targets defined in this offer and achieve zero operational GHGs, with the exception of emergency back-up energy (grid electricity emissions are excluded). Community buildings must meet an energy threshold of 25 percent below National Energy Code of Canada for Buildings (NECB) 2020 reference building.

[Capital project: Retrofit of existing municipal buildings:](#) We offer combined loan and grant funding to support municipalities in implementing one or more phases of a selected GHG reduction pathway. Eligible projects may focus on a single building or a portfolio of municipal buildings. Your capital project should consist of one or more phases in a sequence of retrofit measures (pathway) to reduce emissions from your municipal building by at least **50 percent** within **10 years** and achieve best practice energy targets within 20 years. Applications are encouraged to demonstrate a pathway that reduces the most amount of GHGs in the near term (ie., in the next 10 years), through the pursuit of a deep energy retrofit and fuel-switch.

[Community Housing Fund:](#) The Community Housing Fund (CHF) is a collaboration between the Canadian Mental Health Association, PEI Division (CMHA-PEI) and the Province of Prince Edward Island to develop sustainable affordable housing. This program aims to support housing developments whether they are targeting affordability, vulnerable populations, assisted living, or those that require increased support. Funding under this program can be used to provide additional resources and support to develop solutions to PEI's housing shortage.

[EllisDon:](#) We believe that by investing in programs and organizations designed to serve local community needs, our contributions will help build strong and healthy communities. They are where we share a common commitment to creating conditions that ensure both economic and social well being for all. Whether we participate through individual acts of kindness or by working with others through community-wide efforts, we take care of those who are less fortunate and vulnerable.

[Shelter Enhancement Funding:](#) This funding stream was established in 2014 to provide Northwest Territories communities with funding to repair, rehabilitate and improve existing shelters, The funding is to help shelter

operators to make upgrades to existing shelters or to purchase equipment that is required for continued shelter program delivery. This funding is not for the ongoing operation and maintenance of shelters in the NWT.

[Study: New construction of municipal and community buildings:](#) We fund feasibility studies that assess in detail the approaches needed to implement a new construction of an energy efficient community or municipal building. This funding helps Canadian cities and communities of all sizes undertake sustainability projects that reduce emissions, accelerate energy savings and keep energy dollars in the community. Your feasibility study should demonstrate and validate the project's environmental, social and economic benefits, in line with GMF's thresholds for capital projects.

[Study: Retrofit pathway for municipal buildings:](#) We fund feasibility studies that assess in detail the approaches needed to retrofit existing municipal buildings for an impactful multi-year pathway toward zero-operational GHGs. This offer is applicable to any existing municipal building. Your study should identify a sequence of retrofit measures to reduce emissions from your municipal building by at least 50 percent within 10 years and achieve best practice energy targets within 20 years. Studies should consider your unique objectives and constraints (eg., building use, capital budgets, equipment renewal cycles, etc.) and explore multiple optimization scenarios.

[Unsolicited proposals: Infrastructure:](#) If you have a proposal you would like us to consider, you can submit it through the unsolicited proposals intake form. There are no limitations on the project size, asset class, delivery model or type of proposal you can submit. We are interested in proposals that relate to Ontario's core types of infrastructure, including new transit infrastructure, health care facilities, highways, law enforcement facilities and housing. We are also interested in innovative proposals that relate to any other type of infrastructure (including "digital infrastructure," such as the province's broadband and cellular communications networks). There are two key standards that your proposal must meet to be considered – your proposal must clearly demonstrate a value or benefit for the people of Ontario; and relate to the development or improvement of an infrastructure asset.

JUSTICE

[Victims Assistance Fund:](#) This program provides funding for community-based projects and activities in the Northwest Territories that directly support or benefit victims of crime. It is not a victim compensation fund or program funding.

[Victims of Crime Emergency Fund:](#) This program provides limited financial assistance to help victims of serious violent crimes with their emergency needs in the Northwest Territories (NWT).

SPONSORSHIPS AND FOUNDATIONS

[CIBC Foundation – Donations and Community Partnerships:](#) Built on our longstanding history of supporting our communities, and with the help of our clients, the CIBC Foundation serves our commitment to creating a world without limits to ambition. The CIBC Foundation has three main focus areas, including investing in financial education. Under the financial education focus area, CIBC Foundation will consider funding projects that meet the following eligibility: Canadian registered charities, not-for-profits or qualified donees; Organizations with

sound financial practices, and a sustainable funding model; Organizations who track impact with a clear evaluation and measurement process and can specify the number of individuals helped through the project; and Culturally informed programs or services that are filling evidence-based gaps in an identified community.

[Gore Mutual Foundation](#): Gore Mutual Foundation will be granting \$250,000 to support five partnerships between a registered Canadian charity working in conjunction with one or more registered Canadian charities or registered not-for-profit organizations focused on advancing community and place-based solutions aligned with one or more of the “levers of change” acknowledged in the Climate and Equity Lab’s Public Findings report. For registered Canadian charities and registered non–profit organizations focused on one or more of our Equity Acceleration Fund focus areas (poverty, equity, and climate change), we invite you to submit the following application for funding consideration for one of ten \$10,000 grants available through Gore Mutual Foundation.

[Irving Sponsorship & Donations](#): J.D. Irving, Limited and its affiliated companies are proud of the long established history of supporting our employees and the communities where we live and work, through charitable donations, sponsorships and employee volunteers.

[Maytree Granting](#): We welcome proposals from registered charities and community-based, non-profit organizations that have an explicit mandate to reduce poverty and build strong civic communities by advancing economic and social rights in Canada.

[McCain Foundation](#): The Foundation supports projects, both large and small, from qualifying organizations that align with its [mission](#) and meet [eligibility requirements](#). The Foundation funds organizations that impact Atlantic Canada and rural communities in Alberta and Manitoba where McCain Foods Limited has facilities and employees.

[McConnell Foundation](#): As a private philanthropic foundation, we aim to use our resources to help address some of society’s most important challenges. We have chosen to focus our funding on issues of generational importance, that are impacting communities across the country, and where we believe we can contribute to creating significant change. Our three main focus areas of Communities, Reconciliation and Climate represent what we believe to be some of the most pressing issues facing our society today.

[McLean Foundation](#): The McLean Foundation is committed to supporting work that is not as likely to be funded by others, but that can make a positive difference. We look for projects that show promise of improving the wellbeing of people, communities, and our environment which may initially lack broad public appeal. We support work within and across sectors including: Arts, Environment, Education, Social Welfare and Health. We are flexible in the types of funding we provide. You can apply for a specific project, an existing program, or general operations. Our grants tend to be up to \$15 000. We also provide larger grants and/or multi-year funding. These types of grants often emerge from previous funding relationships.

[TELUS – Sponsorships](#): Sponsorships are an integral component of our social purpose strategy and an important part of TELUS’ brand marketing activities. We select sponsorships that help us fulfill our commitment to creating sustainable communities where we live, work and serve and that help bring our brand promise to life.

[Trottier Foundation](#): The Foundation considers projects in our [key granting priorities](#). The main interests of the Trottier Foundation are in the following areas:

1. Climate and the Environment
2. Science
3. Health
4. Education
5. Community and International

Cross-cutting or intersecting projects are viewed positively, but are not required.

YOUTH

[Peter Gilgan Foundation – Indigenous Youth](#): As part of our commitment to reconciliation with Indigenous peoples in Canada, the Peter Gilgan Foundation has dedicated funds to reducing barriers and uplifting opportunities and wellbeing for Indigenous young people. We seek to support Indigenous-led organizations that are meeting the holistic needs of Indigenous youth in the areas of housing & safe spaces; health & healing; education & knowledge; economic opportunity & building capacity; and food security & sovereignty.

[RBC Future Launch](#): RBC Future Launch is a 10-year \$500 million commitment to help Canadian youth prepare for the jobs of tomorrow. We are moving beyond financial investment by engaging the public and private sectors to further understand the issue and make a significant impact on the lives of young Canadians. RBC Future Launch is a catalyst for change-bringing people together to co-create solutions so young people are better prepared for the future of work.
