Study: New construction of municipal and community buildings: We fund feasibility studies that assess in detail the approaches needed to implement a new construction of an energy efficient community or municipal building. This funding helps Canadian cities and communities of all sizes undertake sustainability projects that reduce emissions, accelerate energy savings and keep energy dollars in the community. Your feasibility study should demonstrate and validate the project's environmental, social and economic benefits, in line with GMF's thresholds for capital projects.

- **Application Deadline:** Applications are accepted year-round, though this offer may close when all funding has been allocated.
- **Amount:** Grant for up to 50%* of eligible costs. Up to a maximum of \$200,000.
- **Region:** Across Canada.

Study: Retrofit pathway for municipal buildings: We fund feasibility studies that assess in detail the approaches needed to retrofit existing municipal buildings for an impactful multi-year pathway toward zero-operational GHGs. This offer is applicable to any existing municipal building. Your study should identify a sequence of retrofit measures to reduce emissions from your municipal building by at least 50 percent within 10 years and achieve best practice energy targets within 20 years. Studies should consider your unique objectives and constraints (eg., building use, capital budgets, equipment renewal cycles, etc.) and explore multiple optimization scenarios.

- **Application Deadline:** Applications are accepted year-round, though this offer may close when all funding has been allocated.
- **Amount:** Grant for up to 50%* of eligible costs. Up to a maximum of \$65,000 for a single building, up to \$200,000 for multiple buildings.
- **Region:** Canada-wide.

Unsolicited proposals: Infrastructure: If you have a proposal you would like us to consider, you can submit it through the unsolicited proposals intake form. There are no limitations on the project size, asset class, delivery model or type of proposal you can submit. We are interested in proposals that relate to Ontario's core types of infrastructure, including new transit infrastructure, health care facilities, highways, law enforcement facilities and housing. We are also interested in innovative proposals that relate to any other type of infrastructure (including "digital infrastructure," such as the province's broadband and cellular communications networks). There are two key standards that your proposal must meet to be considered – your proposal must clearly demonstrate a value or benefit for the people of Ontario; and relate to the development or improvement of an infrastructure asset.

- **Deadline:** Ongoing app.

- **Amount:** Not applicable. This is not a grant-funding opportunity, this is only for “**unsolicited proposals**,” which are proposals to the government that we have not requested through an existing government procurement.
